

A Family For Every Child

Volunteer of The Month

Theresa Yoshioka

SEO and News Feed Volunteer

February 2013

Theresa volunteered with A Family For Every Child already knowing a lot about how the technical side of industry works. She had worked with a bunch of HP spinoffs in the Corvallis area in every capacity from marketing to product management. And she wanted to help us with the Princess Event! Well, ok, we invited her to help some more with the news feed. But she turned into a real powerhouse and took on the big assignment: managing SEO on Google. She has helped everyone find A Family For Every Child ever since.

Theresa is a valued Volunteer and a true friend to AFFEC!

Thank You Theresa, for all your hard work!
